

Show Me Life

Addison Road

Going on my way
Packing up today
I can't live a life with this way of thinking

'Cause I know what's right
I'm gonna leave tonight
And put all the past behind me

Show me life
Bigger than I've known
I wanna feel more than alive
Show me love
Beautiful and true
Change the old to new inside
Show me life
Yeah, yeah, yeah, yeah

Can I fall apart right into Your arms
Open my eyes to the road that leads beyond my heart, oh

Show me life
Bigger than I've known
I wanna feel more than alive
Show me love
Beautiful and true
Change the old to new inside
Show me life
Show me life

Bigger than I've known
I wanna feel more than alive

Beautiful and true
Change the old to new inside

Bigger than I've known
I wanna feel more than alive
