Man, I clocked 30
And it dawned on me
I been living for people but me
Such a shame I didn't get it sooner
But better later than never
Now I don't taste freedom (Now I have tasted freedom)
Won a da mi mo (They'll see me)
I'm a new man
Forget what you knew
Now I don't find my voice (Now I have found my voice)
I go talk my shit now (I will talk my shit)
Deal with it
I don't answer to nobody
Time to live oyoyo
Na me dey run my company
Follow my lead or go go
Motherland or oversea
I know that I count on me
And I'm blessed with Adejare
See me (Simi) I dey prosper
