

# Down With You

Adekunle Gold

I wanna wake up with you  
Walk in your shoes  
Deep like tattoos  
You give me life  
I wanna stay up all night  
Talk till sunlight  
So satisfied  
You give me life

Honey bami kale (Honey stay with me forever)  
Je ka jo darugbo (Let's grow old together)  
Till my dying day my lover  
Let's go all the way now  
Ninu gbogbo omoge (in all the pretty girls in the world)  
Iwo lo bami dele (you're the one that who's coming home with me)  
Your my heart and you know it  
So I don't need to say it

Ma ronu (Don't overthink it)  
Ma wobe (Don't doubt it)  
Just focus on me and you  
That's all I want to do  
Ma ronu (Don't overthink it)  
Ma wobe (Don't doubt it)  
I'm down with you always  
I'll never let you go

Won wa wa won o ba wa nle (They tried to tear us apart but they couldn't get to us)  
Ife wa lon yi won lori o (our love is driving them crazy)  
Won fe para ife wa baby (They want to quench the fire of our love)  
Lai lai o lai lai (Never Never)

There's nothing that they could do  
Not when our love is bullet proof  
Tell me what have we got to lose
