

# I'm Not Done

Adekunle Gold

Is time moving faster?  
Or am I playing catch up?  
I got my eyes on the next one  
Always chasing more  
When is it enough?  
Now I feel like seasons  
Yeah they change for no reason  
I wanna dance on my birthday  
Celebrating more  
To my favourite songs

See I've been running and running  
I'm always looking for something  
Hope I don't get lost in my mind  
I'm just a boy from the streets  
Got too many dreams to fit in one lifetime

Halfway there  
So far gone  
Eh ah oh  
I'm not done  
Halfway there  
So far gone  
Eh ah oh  
I'm not done

Half of my life in a rear-view mirror  
How come only mistakes get clearer  
Do I have time to fix what I have broken?  
All those words I left unspoken

Oooo  
Follow the signs to the lights  
I don't know where I'm going  
Oooo  
Always chasing more

See I've been running and running  
I'm always looking for something  
Hope I don't get lost in my mind  
I'm just a boy from the streets  
Got too many dreams to fit in one lifetime

Halfway there  
So far gone  
Eh ah oh  
I'm not done  
Halfway there  
So far gone  
Eh ah oh  
I'm not done

Halfway there  
So far gone  
Eh ah oh  
I'm not done  
Halfway there

So far gone  
Eh ah oh  
I'm not done
