

Remember

Adekunle Gold

Tell me why you want me
To be your zombie
Right now my sanity
Is on the edge bout to breakdown
Because say you wan help me
Make I come be your bomboy
You no be my God o
I go make am without you for sure

Today na your turn
Tomorrow na my own
Watch out for me
I go make am without you for sure
Today na your turn
Tomorrow na my own
Watch out for me
I hope say you go remember
I just want make you remember me
I hope you say you go remember

You no rate me but e no matter
I'm a winner man
You think that I'm no good
Someday you no need me
Because say you wan help me
Make I come be your bomboy
You no be my God o
I go make am without you for sure

O fe ki sise (you want me to fail)
Boya le mo (But little do you know)
That my life is moving without you
And the grace of God is allover me
You can't stop me

Won fe ki sise (They want me to fail)
Won o de mo (They don't know)
That my life is moving without them
Grace of God is allover me
You can't stop me

Today na your turn
Tomorrow na my own
Watch out for me
I go make am without you for sure
Today na your turn
Tomorrow na my own
Watch out for me
I hope say you go remember
I just want make you remember me
I hope you say you go remember
