Surrender

Adekunle Gold

By the way
I've been running away from love
Faraway
Cause I'm feeling like I am not enough
But you make me feel like
I am everything you need, Girl
You got me falling deep
I'll die for you
I'll lie for you
I'll fight for you
Every single day my lady
Grow with you
I'll stand by you girl
I'm ready o girl
I'm ready for loving

I surrender I surrender
(You don win o baby)
This your love dey make me wonder
(Wonder wonder)
From January to December
(I go spoil you my lady)
Take my heart hol am forever
(I surrender)

Now I know
I'll be nothing without your love
Don't you know that
You're everything that I want and more
I could give you my life
I know its sounding deep girl
It's how you make me feel yeah
I'll die for you
I'll lie for you
I'll fight for you
Every single day my lady
Grow with you
I'll stand by you girl
I'm ready o girl
I'm ready for loving

I surrender I surrender
(You don win o baby)
This your love dey make me wonder
(Wonder wonder)
From January to December
(I go spoil you my lady)
Take my heart hol am forever
(I surrender)

Omo I'll die for you
I mean it when I say baby
I'll fight for you
I want to grow with you
Believe me when I say me baby
I'll stand by you
I'll die for you

I go lie for you
I'll fight for you
Every single day my lady
Grow with you
I'll stand by you girl
I'm ready o girl
I'm ready for loving
