

Melt My Heart To Stone

Adele

Dm G C Am Dm
Right under my feet there's air made of bricks
G C Am Dm
Pulls me down turns me weak for you
G C Am
I find myself repeating like a broken tune
Dm G C C7
And I'm forever excusing your intentions
F E
And I give in to my pretensions
Am E7 Am
Which forgive you each time
C Dm7
Without me knowing
G C
They melt my heart to stone

Am Dm G
And I hear your words that I made up
Am Dm G
You say my name like there could be an us
Am Dm G C7
I best tidy up my head I'm the only one in love
F E
I'm the only one in love

Dm G C Am Dm
Each and every time I turn around to leave
G C Am Dm
I feel my heart begin to burst and bleed
G C Am
So desperately I try to link it with my head
F G C
But instead I fall back to my knees
C7 F
As you tear your way right through me
E E7 Am
I forgive you once again
C Dm7
Without me knowing
G C
You've burnt my heart to stone

Am Dm G
And I hear your words that I made up
Am Dm G
You say my name like there could be an us
Am Dm G C7
I best tidy up my head I'm the only one in love
F E
I'm the only one in love

Why do you steal my hand

A **Gmaj7**

Whenever I'm standing my own ground

F **C** **E** **Esus4**

You build me up, then leave me dead

Am **Dm** **G**

Well I hear your words you made up

Am **Dm** **G**

I say your name like there should be an us

Am **Dm** **G** **C7**

I best tidy up my head I'm the only one in love

F **E**

I'm the only one in love.
