Oh no, oh no
Oh no, oh no
Oh no, oh no

Kapla y Miky
Kapla y Miky
Kapla y Miky, baby

You're taking upon me
Show me sympathy, ask me how I feel
And I hear you got that tone
You feel better all alone
Must be hard now when you're gone

Why would I cry?
Why would I lie?
I'm surprised to sleep like a baby every night

You think my heart still beat, beat, beat, beat, beat for you, but no
Think you're on repeat-peat-peat-peat-peat-peat like all day long
There I am out here crying, wishing
Waiting for my baby to come home
My heart don't beat, beat, beat, beat, beat for you no more

My flat felt much emptier before
All your stuff went out the door
You moved out and I moved on
Esto me está haciendo daño
Me está haciendo un mal, mal
Me estoy volviendo loco mirando tu foto
No es necesario ver los corazones rotos
Mientras más cerca te quiero, más lejos te noto, no no, no

Why would I cry?
Why would I lie?
No fue mi intención hacerte daño en esta vida, mamacita
(Ouh, no)

You think my heart still beat, beat, beat, beat, beat for you, but no (No me digas eso)
Think you're on repeat-peat-peat-peat-peat-peat like all day long
There I am out here crying, wishing
Waiting for my baby to come home
My heart don't beat, beat, beat, beat, beat for you no more

Ey, ey, ey
Mi corazón por ti hace "tic-tic-tic" (Ah)
Ya no estoy tranquilo sin saber de ti (Baby)
Yo sufrí y tu movie me la creí (Me la creí)
No entiendo por qué ahora me quieres ahí (No, no)
Hago un brindis por todo lo malo, recuerda todos los regalos
En ocasiones especiales (Auh), en la cama eramos espaciales
Finos y originales, ay

Why would I cry?
Why would I lie?
I'm surprised to sleep like a baby every night

You think my heart still beat, beat, beat, beat, beat for you but no
(No me digas eso)
Think you're on repeat-peat-peat-peat-peat-peat like all day long
Yo sé que ahora sales, pero no es lo mismo si no estoy yo
Si con quien haces "click, click, click, click, click" es conmigo, amor
You think my heart still beat, beat, beat, beat, beat for you but no
(No me digas eso)
Think you're on repeat-peat-peat-peat-peat-peat like all day long
There I am out here crying, wishing
Waiting for my baby to come home
My heart don't beat, beat, beat, beat, beat for you no more
