

Go Home

Adelén

(Oh, we could go home...Oh, we could go home...)

Lately I've been feeling myself
Am I over the edge?
Last night
You were looking at me
Like you need company
Baby

I know I look the good girl but I got my needs
I fantasize about you like you won't believe

We could stay up and be bored
Or we could go home
We could spend too much money in a bar
Or we could go home
It's like the whole damn city's in here
But we could go home
Making out with our friends, yeah, we don't even care
We could go home

Maybe I won't call you again
I'm not gonna pretend
No, no
You see, I'm not looking for love
I just wanna be touched
Baby

I know I look the good girl but I got my needs
I fantasize about you like you won't believe

We could stay up and be bored
Or we could go home
We could spend too much money in a bar
Or we could go home
It's like the whole damn city's in here
But we could go home
Making out with our friends, yeah, we don't even care
We could go home

And I don't wanna, don't wanna, don't wanna, don't wanna lie
I can see myself with you
And I got some time to kill now
And I don't wanna, don't wanna, don't wanna, don't wanna fight
Gotta make myself come true
And I think I'll go with you now

Boy, you boosting my ego
Looking at me like you do
Come on babe, why don't we go home, yeah
I'm strung out on your body
Let's get out of this party
Come on babe, why don't we go home, yeah

We could stay up and be bored
Or we could go home
We could spend too much money in a bar

Or we could go home
It's like the whole damn city's in here
But we could go home
Making out with our friends, yeah, we don't even care
We could go home

And I don't wanna, don't wanna, don't wanna, don't wanna lie
I can see myself with you
And I got some time to kill now
And I don't wanna, don't wanna, don't wanna, don't wanna fight
Gotta make myself come true
And I think I'll go with you now

(Oh, we could go home...Oh, we could go home...)
