

Obsessed

Adelén

Seeing stardust in my bed
Oh, my eyes keep rolling back
Angels singin' like oh-oh-oh

Always preferred doing all alone, just by myself
So chilled, enjoyed the stillness in my head
Glass of red, binge a series cause I'm all for that
I couldn't lose
What I didn't have in the first place

I used to leave 'em all on read
Blocking numbers every now and then
But you made it look so damn easy

I can't get you outta my ah head
God, I'm struggling, wha-what's happening
No, I've never been so close to this
Now I am borderline to so obsessed
Mmm, mmm

Sweet heart, dirty mind
So rare to find
And I'm all hypnotized, mesmerized

Sip sip, read my lips
You shot me down
I'm all hypnotized, mesmerized

I used to leave 'em all on read
Blocking numbers every now and then
But you made it look so damn easy

I can't get you outta my ah head
God, I'm struggling, wha-what's happening
No, I've never been so close to this
Now I am borderline to so obsessed
Mmm, mmm

Seeing stardust in my bed
Oh, my eyes keep rolling back
Angels singin' like oh-oh-oh

I can't get you outta my ah head
God, I'm struggling, wha-what's happening
No, I've never been so close to this
Now I am borderline to so obsessed
Mmm, mmm
