

Cherry Valley

Adeline Hill

You got a job that pays the rent
And I got drunk last night
I hear your voice inside my head
A little more than I'd like
I turn the sound off of my tv
Because I like the lights
All my friends think that I'm crazy
But I think that I'm fine

Same clothes, days in a row
Truth being told I just want to erase you
It gets old, trying to hold myself together

You said don't wanna cause me pain
Too bad, cause it's too late
You're too far gone to save
And no amount of therapy could
Ever make you want to change
It sucks to feel this way
Just say it to my face
Is this love, cause it just feels like hate

I said I didn't wanna leave
When you got drunk last night
Was I just stupid or naive?
A little less than you'd like

Same clothes, days in a row
Truth being told I just want to erase you
It gets old, trying to hold myself together

You said don't wanna cause me pain
Too bad, cause it's too late
You're too far gone to save
And no amount of therapy would
Ever make you want to change
It sucks to feel this way
Just say it to my face
Is this love, cause it just feels like hate
