

# Drive

Adelitas Way

Life can be black and white, we need a little colour  
That's what I'm searching for  
It's like I'm driving blind, I need a little summer  
I need to feel the warmth

The touch, the taste, I'm feeling all my senses going off  
The way that you do  
A moth, the flame, I've finally got the message  
Is it love? Is it love? Is it love?

It's like I'm burning alive  
You're my fuel in my fire tonight  
I'm burning alive  
I've got a ticket to ride tonight  
Drive, Drive, Drive  
(Let's just drive) [x4]

Her body light the streets  
Sometimes her beauty's blinding  
I let her take my soul  
ohhhh...

The touch, the taste, I'm feeling all my senses going off  
The way that you do  
A moth, the flame, I've finally got the message  
Is it love? Is it love? Is it love?

It's like I'm burning alive  
You're my fuel in my fire tonight  
I'm burning alive  
I've got a ticket to ride tonight  
Drive, Drive, Drive  
(Let's just drive) [x4]

I'm seeing colour  
I'm seeing colour  
I'm seeing colour  
Yeah

It's like I'm burning alive  
You're my fuel in my fire tonight  
I'm burning alive  
I've got a ticket to ride tonight  
Drive, Drive, Drive  
(Let's just drive)  
Drive, Drive, Drive  
(Let's just drive)  
Drive, Drive, Drive  
(Let's just drive)  
(Life can be black and white, we need a little colour, I need to feel the warmth)  
Drive, Drive, Drive  
(Let's just drive) [x4]
