

# Let's Just Drive

Adelitas Way

Life can be black and white  
We need a little colour  
That's what I'm searching for

It's like I'm driving blind  
I need a little summer  
I need to feel the warmth

The touch  
The taste  
I'm feeling all my senses going,  
off the way, that you do  
I'm off the flame  
I finally got the messages in love  
He's in love

It's like I'm burning alive  
You are the fuel in my fire, tonight  
I'm burning alive  
I've got a ticket to ride, tonight

Drive, Drive, Drive  
(Lets just drive)  
Drive, Drive, Drive  
(Lets just drive)  
Drive, Drive, Drive  
(Lets just drive)  
Drive, Drive, Drive  
(Lets just drive)

Her body lights the streets  
Sometimes her beauty's blinding  
I let her take my soul

The touch  
The taste  
I'm feeling all my senses going,  
off the way, that you do  
I'm off the flame  
I finally got the messages in love  
He's in love

It's like I'm burning alive  
You are the fuel in my fire, tonight.  
I'm burning alive  
I've got a ticket to ride, tonight.

Drive, Drive, Drive  
(Lets just drive)  
Drive, Drive, Drive  
(Lets just drive)  
Drive, Drive, Drive  
(Lets just drive)  
Drive, Drive, Drive  
(Lets just drive)

I'm seeing colour

I'm seeing colour  
I'm seeing colour  
Yeah!

It's like I'm burning alive  
You are the fuel in my fire, tonight  
I'm burning alive (i'm burning alive)  
I've got a ticket to ride, tonight  
Drive!

Drive, Drive, Drive  
(Lets just drive)  
Drive, Drive, Drive  
(Lets just drive)

Life can be black and white  
We need a little colour  
I need to feel the warmth

Drive, Drive, Drive  
(Lets just drive)  
Drive, Drive, Drive  
(Lets just drive)
