

My Favorite Time Of Year (Christmas song)

Adelitas Way

The leaves are changing, the weather's getting cool
The kids are happy they're getting out of school
It's Christmas time, it's Christmas time

Hanging lights and making Christmas treats
Putting candy canes and angels on our trees
It's Christmas time, it's Christmas time

It's my favorite time of year
Spreading all the Christmas cheer
Santa's sleigh is on its way
Just can't wait for Christmas day

There's jingle bells ringing, the carolers' singing
Yeah, Christmas time is finally here
All our friends and family near
It's my favorite time of year

You feel the spirit, there's magic in the air
The time of giving, a season that we share
It's Christmas time, it's Christmas time

It's my favorite time of year
Spreading all the Christmas cheer
Santa's sleigh is on its way
Just can't wait for Christmas day

There's jingle bells ringing, the carolers' singing
Yeah, Christmas time is finally here
All our friends and family near
It's my favorite time of year

It's my favorite time, oh yeah, oh yeah
It's my favorite time

It's my favorite time of year
Spreading all the Christmas cheer
Christ the King is on His way
Just can't wait for Christmas day

There's jingle bells ringing, the carolers' singing
Yeah, Christmas time is finally here
All our friends and family near
It's my favorite time of year
It's my favorite time

It's my favorite time of year
Spreading all the Christmas cheer
Santa's sleigh is on its way
Just can't wait for Christmas day...
