

## Otherside Of Pain (Rock Mix)

Adelitas Way

To the other side  
To the other side  
To the other side  
The other side of pain

In the shadows where the echos lie  
In the darkness where my happy hides  
Like a fortress walls I have to break  
Yea I know this but I'm not afraid

I will fight through the night  
I know that the sun will rise  
Pushing through gonna make it to the other side of pain

To the other side  
To the other side  
To the other side  
I think it's time to walk away  
To the other side  
To the other side  
To the other side  
To the other side of pain

If you're lost and don't know where to turn  
And your problems keep on getting worse

When you're down when you're stuck  
When you feel you're not enough  
Keep pushing through  
You can make it to the other side of pain

To the other side  
To the other side  
To the other side  
I think it's time to walk away  
To the other side  
To the other side  
To the other side  
To the other side of pain

I been healing these broken emotions  
Hoping to make it through  
I keep playing it over and over  
Thank god I made it to  
To the other side of pain  
To the other side of pain

To the other side  
To the other side  
To the other side  
I think it's time to walk away  
To the other side  
To the other side  
To the other side  
To the other side of pain

I been healing these broken emotions

Hoping to make it through  
I keep playing it over and over  
Thank god I made it to

To the other side  
To the other side  
To the other side of pain
