

## Close Friends

Adema

Today you told me that I'd hate you forever  
I can't believe what's really going on  
Somehow I knew that you felt guilty for something  
But tell me why you do this to me  
Today you told me that I'd hate you forever  
I can't believe that you'd wreck my life

I was betrayed, how can you say that you feel sorry inside  
It's never staying, losing close friends  
I've gone away, you make me stay but I can't tell it from lies  
I've gone insane, losing close friends

Today I made the worst mistake  
I put my trust into someone I don't know  
And now I know because you've done everything possible to me  
Made me so upset  
And now I know just who to trust because you're laying in bed  
You're thinking 'bout all that fucked up shit

I was betrayed, how can you say that you feel sorry inside  
It's never staying, losing close friends  
I've gone away, you make me stay but I can't tell it from lies  
(Lies)  
I've gone insane, losing close friends

I'm so weak  
The closeness of your skin  
The smell of this place  
Makes me go insane

I

You make me go insane  
You make me go insane

I was betrayed, how can you say that you feel sorry inside  
It's never staying, losing close friends  
I've gone away, you make me stay but I can't tell it from lies  
I've got insane, losing close friends

Losing close friends  
Losing close friends
