

Introlude - The Collapse Of 2006

Adept

She

She's a girl who believes in continuously tearing apart

Just for fun

All the passion

But she, she will burn like a witch

All nailed to the cross

But her smile will stay on

Like she knows that she deserves everything that she gets

She deserves everything that she gets

She deserves everything that she gets

This is a tale of misturned evolution

This is a collection of emotional experience

This is the collapse of 2006

The Rose Will Decay

The Rose Will Decay

The Rose Will Decay!
