

# The Toughest Kids

Adept

The ground beneath your feet will fucking cave in!

Stand up and flee!  
This is the consequence of being away  
I spent so many years blaming myself

For when you ran away  
And left me growing up alone  
I was just a kid  
And I was all alone  
I never felt like I had a place to call home

Have you ever lost faith in yourself  
For only a blink of an eye?  
We sing this song  
For families who stand strong

When the weight of the world caves in  
The strongest one will win  
We sing this song  
For every loving heart

Go back to home

I am, I am a shade of what you have become  
How could you all hurt yourself like this  
You have people around, caring about you deathly

I know the person that you really are  
I've seen the love that you carry around  
I miss your comforting words  
Your eyes could move a mountain

Have you ever lost faith in yourself  
For only a blink of an eye?  
We sing this song  
For families who stand strong

When the weight of the world caves in  
The strongest one will win  
We sing this song  
For every loving heart

And as seasons change  
When this time will drift away  
I will remember you  
My heart will stay the same

Wooo-oo-oh-oh  
This is the sound of forgiveness  
Wooo-oo-oh-oh  
But I know you'll never hear this song alive  
Wooo-oo-oh-oh  
This is the sound of forgiveness  
Wooo-oo-oh-oh  
But I know you'll never hear this song alive

I will carry your absence with me  
Until the day I die
