

Sufficient

Adie

Hear my heart lord as I cry out to you
Hear my prayer lord and carry me thru
In your mercy in the promise you made
Be my strength lord when my strength fades away

Cos when I am weak your strength is complete
It's perfect
Completely all I need
Sufficient for me
Your grace and peace are perfect
Completely all I need
You're all that I need

In my weakness I'm finding your strength
In my sorrow a gentle embrace
Thru the seasons of laughter or pain
You are listening
When I call out your name

I'll find you when I seek
I'll look for you with all of my heart
And I'll find you when I'm weak
Cos you are strong

Hear my heart lord as I cry out to you
Hear my prayer lord and carry my thru
Carry me thru
