

I Forgive You

Adina Howard

Mmmmmmm, hey
I forgive you
Yeah
Mmmmm mmmmm

I wanna run away
But I gotta stay
'Cause I appreciate
That you came to me
And told me
You've been cheatin' on me
I want rant and rage
And go insane
Put I'mma keep the pain
So that I can say
That I'm tryna understand
I know it's hard being a man

It's like a jungle out there
I know it's crazy (Crazy)
So baby I'mma be here
'Cause I'm your lady (I'm your lady)
I told you leave me alone
But I miss you
So come back boo
I forgive you (I forgive you)

It's like a jungle out there, yeah
I know it's crazy, yeah
So baby I'mma be here, yeah
'Cause I'm your lady, yeah (I'm your lady)
I told you leave me alone
So cut I miss you (I miss you)
Come back boo (Come back boo)
I forgive you

Lately my brains been dull
And my hearts been cold
But I'mma let you know
That I love you so
For confiding in me (Confiding in me)
And not hiding it from me no
I wanna make [?] put it in the past
'Cause it really takes a man to admit his bad
I wanna hold you tight (Hold you, hold you tight)
Everything's gonna be alright

It's like a jungle out there
I know it's crazy (Crazy)
So baby I'mma be here
'Cause I'm your lady (Woo)
I told you leave me alone
But I miss you
So come back boo (Come back boo)
I forgive you (I forgive you)

It's like a jungle out there, yeah

I know it's crazy, yeah (Crazy)
So baby I'mma be, yeah here
'Cause I'm your lady, yeah (I'm your lady)
I told you leave me alone
But I miss you
So come back boo
I forgive you (I forgive you)

Even though I'm saying to you I forgive you
Don't mean that I'm okay
With the things that you do, boo
I'm just glad that you told me the truth
I needed time just to figure it out
And now I realize
It ain't even only about my man
It's the way it is
It ain't cool but it's only human
Baby

It's like a jungle out there
I know it's crazy (It's so crazy baby)
So baby I'mma be here
'Cause I'm your lady
I told you leave me alone
But I miss you
So come back boo (Come back boo)

I know it's crazy, yeah
So baby I'mma be here, yeah
