Bulletproof

Adolescents

There's a pill for every road
I could want to take.
There's a road for every pill
You could want to make.

Give me something new
Bring it on, bring it on-
Giving me something to
Make me bulletproof.
Bulletproof

There's a pill that keeps me calm,
Calm enough to sleep.
Another pill to keep me hard,
That's the one that I'll keep.

Give me something new
Bring it on, bring it on-
Giving me something to
Make me bulletproof.
Bulletproof

I reload automatic
From the pharmacy.
Pop the clip, bite my lip
That's my remedy.
Give me something new
Bring it on, bring it on-
Giving me something to Make me bulletproof.
