

## Dissatisfaction Guaranteed

### Adolescents

Well this is a story about little boys  
Degeneration built on structure and poise  
On an island of broken toys

Dissatisfaction guaranteed  
In the pool of Narcissus

In this place of servants and kings  
Climb up the ladder you get more things  
Pull the puppets by broken strings  
Dissatisfaction guaranteed  
In the pool of Narcissus

Kids play Zeus with crocodile smiles  
Holding court; they hold it with style  
Top dogs spitting venom and bile  
I can play along with the helicopter moms  
The queen bees, the ding and the dong  
The wicked witches singing along

Dissatisfaction guaranteed  
In the pool of Narcissus

And I can play the king and play it with glee  
Rattle cages of lollipop thieves  
Sierra Madre don't mean nothing to me  
Hear the Echo, yeah here we go  
In the village where no one knows  
Who will follow and who will lead
