

## Flat Earth Stomp

Adolescents

Caught the flu the other day  
This chick asked me to pray  
Told me the earth is flat  
What can you say to that?

How can you have free choice  
Without an inner voice?  
No arguments, no blues-  
Lace up your blue suede shoes!

Do the Flat Earth Stomp  
Do the Flat Earth Stomp  
It don't matter how you pledge  
Dance right up onto the edge

Cross the threshold  
Into the outside world  
When you see the dome  
Know you are not alone!

Won't debate the fact  
Some say the earth is flat  
I can only smile-  
Lace up my crocodiles!

Do the Flat Earth Stomp  
Do the Flat Earth Stomp  
It don't matter how you pledge  
Dance right up onto the edge

Dance on to the edge  
Dance on to the edge

Do the Flat Earth Stomp  
Do the Flat Earth Stomp  
It don't matter how you pledge  
Dance right up onto the edge

Do the Flat Earth Stomp  
Do the Flat Earth Stomp  
It don't matter how you pledge  
Dance right up onto the edge
