

Let It Go

Adolescents

Let it go
When you feel you're gonna blow,
Walk away,
Let it go.
Let it go
When you feel you're gonna blow,
Walk away, let it go.

Do you remember when
We were young, invincible?
We'd never been stung
Cynicism hadn't begun.

Hadn't lost our innocence
We trusted everyone.
We'd never lose
Lose what we'd won.

We'll never get it back
But I'll tell you -
I'll tell you that
No matter how much, or how long
This world tears you down -
It's never too late.
It's never too late.
It's never too late to turn it around
If you just let it go.
