## Adolescents

Sidestep to the future  
Slip into the past  
The future's not what it was  
When the ideals crashed

Paradigm Junkies  
Of the Misinformation Age  
Paradigm Junkies  
Searching for a cage to crawl in  
Again and again  
Again and again  
Searching for a cage to crawl in  
Again and again

Paradigm Junkies  
Of the Misinformation Age  
Paradigm Junkies  
Searching for a cage to crawl in  
Again and again  
Again and again  
Searching for a cage to crawl in  
Again and again

It's only a crisis  
When it lands square in your lap  
It's only a nightmare  
When it flows like dope on tap  
Damn
