

Riptide

Adolescents

Living on the outside
On the outside looking in
Caught in a struggle
A struggle you can't win
Head above the water
On the outside looking in
Head above the water
It's about to begin

Riptide
No pointing in fighting
We're taking a ride
Riptide
No pointing in fighting
We're taking a ride

Want to trust in someone
No one left to trust
No message, no messenger
Rising up from the dust
No absolution
Nothing to forgive
No need to apologize
For the life that you live

Riptide
No pointing in fighting
We're taking a ride
Riptide
No pointing in fighting
We're taking a ride
