

# Sunspot Screams

## Adolescents

I opened Pandora's box  
Yeah I looked inside  
I fed my head until my world's collide  
With chemical warfare inside my head

I opened Pandora's box  
Yeah I looked inside  
Everything I thought was real was just a lie  
Now chemical warfare explodes  
Inside my head

What's happening  
I can't tell what's happening  
I can't tell what's happening  
I can't tell what's happening  
I can't tell what's happening  
I can't tell what's happening  
I can't tell what's happening  
In my head  
In my head  
Inside my head

A sunspot screams  
A sunspot screams  
A sunspot screams  
A sunspot screams  
A sunspot screams  
Inside my head

What's happening  
I can't tell what's happening  
I can't tell what's happening  
I can't tell what's happening  
I can't tell what's happening  
I can't tell what's happening  
I can't tell what's happening  
Inside my head  
(What's happening)  
Inside my head  
(What's happening)  
Inside my head  
What's happening

(I can't tell)  
What's happening  
Inside my head  
(I can't tell)  
(What's happening)  
Inside my head  
(I can't tell)  
(What's happening)  
Inside my head  
(I can't tell)  
What's happening  
In my head  
In my head  
Inside my head
