Like a swarm of bees swarming to honey. Like a clan of hyenas e ncircling its prey. Like a coenuruses feeding off liver. Like a crocodiles lurking in the shallows.

Like a swarm of bees. Like a clan of hyenas. Like a coenuruses. Like a crocodiles waiting just beneath the surface to rush out .

Like a lemming laying eggs in other larvae. Like a bloodsucker drinking your blood. Like a tapeworm exploiting its host. Like a sharks and orcas attacking from behind.

Like a lemming laying eggs. Like a bloodsucker. Like a tapeworm . Like a sharks and orcas. Like a swarm of bees. Like a clan of hyenas. Like a coenuruses. Like a crocodiles.

Like a colony of vultures circling around a carrion. Like an om nivorous grasshopper grazing on everything it sees. Like a cuck oo ravaging other birds' nests and putting its own eggs. Like h umans in the beginning of the third millenium.

This is what we are...
