

dusk twilight

ADORA

Even though I drank, I'm boozin'
'Cause I'm feeling down
Why do you never leave my mind?
On the top of my bed, my phone
Gotta turn it off
Next day, I don't wanna face regrets

When there's a breeze blowin' so cold
Then I think about a glass of wine
I wish that you were right here next to me
Like a tidal wave come rushin' in
And you make my head go wanderin'
It's a day that I'm more wonderin' of you (All night)

Even though I drank, I'm boozin'
Night is falling down
Why do you never leave my mind?
On the top of my bed, my phone
Gotta turn it off
Next day, I don't wanna face regrets

The poems that you read for me
Where we used to sleep
Every little thing I recall
Underneath the blue ceiling, you see the streams (Ooh)
If the moonlight shinin' on the sea
Knows the whereabouts of where you are
I would like for it to guide me to that place (All night)

Even though I drank, I'm boozin'
Night is falling down
Why do you never leave my mind?
On the top of my bed, my phone
Gotta turn it off
Next day, I don't wanna face regrets

I don't think I'm ready just yet
Gettin' rid of your number would feel
Like erasing all the remnants left of you
I just gotta go to you tonight
I wanna tell you how I feel
That I really have been lovin' all of you

Even though I drank, I'm boozin'
Rain is pouring down
Why do you never leave my mind?
On the top of my bed, my phone
Gotta turn it off
Next day, I don't wanna face regrets

The reason why I take a shot tonight
Well, just like everyone, indeed, I prolly forget you
Although I know it's sad, is it because that I'm
Tryna break up with you?
Is that the why, or is it me?
I wonder if you're still up thinking about me
Difficult to fall asleep

I wanna see you so bad, even a minute
Again, I miss you so much
I miss you
