

Dirty Laundry

Adore Delano

Love unfolds on a spiral
Like a load in a cycle
My laundry is turning
Take this as the first warning

Tumble-dry relationships
Hang them up, rinse is up, it's time to spin
Line them up and take a pic
Singin' up and riddle, hang, we sing...

Dustin' off my dirty laundry
It's a work if you want wet dreams
If you like my dirty laundry
There's no need for you to clean me
Washin' off my dirty laundry
Turn the love waves on speed setting
Wait 'til it's dry

I panic, have habits
Nothing in the palm matches
Run from love
There's no gloves
To fuck my whole damn world up

Sabotage relationships
When the sun rises up, it's on the deal
Camouflaging addiction
Scary types that crawl under the skin

Dustin' off my dirty laundry
It's a work if you want wet dreams
If you like my dirty laundry
There's no need for you to clean me
Washin' off my dirty laundry
Turn the love waves on speed setting
Wait 'til it's dry

Drank 'til I couldn't stand
I slept with the entire band
Trashed a hotel in Leeds
Risky up, I deal in STD
Breakups, I've had my fix
Die fast, live young
'Cause life's a bitch
Sad memories have brought
Have no more tears here left to cry

Dustin' off my dirty laundry
It's a work if you want wet dreams
If you like my dirty laundry
There's no need for you to clean me
Washin' off my dirty laundry
Turn the love waves on speed setting
Wait 'til it's dry
