

Sad Boy

Adore Delano

Mood rings never worked on me
They were never purple or green
Aqua, orchid, teal, or pink
No

A dark horse a double minority
Children always love to tease
Get your tickets here it's free
Yea

Back at school they all hated me
They love fuchsia, orange, bright pink
Yellow, red, blue-but not me
No

And all the kids sing along
"It's the sad boy
The no dad boy
Just a bad boy

Picking flowers during baseball
It's the fag boy
Always mad boy
Just a sad boy"

No violet boy gotta play it safe
Never Lavender, just gray
So they can never hear me pray
Hey

Clouds high it's beginning to rain
Rain can always take it away
Rain rain please don't go away
Aye

Soaked laying on the windowpane
Couldn't tell momma the shame
I can't tell my mom my pain
No

And all the kids sing along
It's the sad boy
The no dad boy
Just a bad boy

Picking flowers during baseball
It's the fag boy
Always mad boy
Just a sad boy

In dreams stars don't look the same
I'm running in circles to catch them
Spinning in squares just like acid
Yea

Bipolar cycle in my brain
Even the rich makeup stained

They can only see what's on my face
Hey

My mind is stuck in make believe
Growing up fast growing freely
SAD BOY AIN'T NOTHIN' BUT A CRY BABY!
Yea

And all the kids sing along
It's the sad boy
The no dad boy
Just a sad boy

Picking flowers during baseball
It's the fag boy
Always mad boy
Just a sad boy

...
And all the kids sing along
It's the sad boy
The no dad boy
Just a sad boy
