

Here

Adrian Belew

When the smoke had settled
from the angry fires
that burned away part of my life
then I thought I was standing
on the edge of time
but through the haze
I saw a light

I don't know what it was
I thought I'd find
nothing left under the stars
I swam across the sky
and pushed the clouds aside
to find you there with my heart
I've come a million miles to be with you
I swam across the sky
here I am

Here...underneath the sun
here...we're the only ones
here
and when I see your face
it lights another day
and all my broken pieces
fall into place

I've come a million miles to be with you
I swam across the sky
here I am
