

# Boy

Adrian Lux

I cut off my red hair  
You need me  
Entertain my friends  
They hate you

This little death of yours  
Don't touch me  
We are strangers  
But your jacket, face, shoes are not

I said boy, oy oy  
I said boy  
I said boy, oy  
(Boy)  
Let your sweet eyes invite me  
The colour just strikes me

I said boy, oy oy  
I said boy  
I said boy, oy  
(Boy)  
Let your sweet eyes invite me  
The colour just strikes me

I said boy

Get easy on my feet  
Flying high  
Moving closer, I can't breathe  
Stay this time (stay this time)

I said boy, oy oy  
I said boy  
I said boy, oy  
(Boy)  
Let your sweet eyes invite me  
The colour just strikes me

I said boy, oy oy  
I said boy  
I said boy, oy  
(Boy)  
Let your sweet eyes invite me  
The colour just strikes me

I said boy, oy oy  
I said boy  
I said boy, oy  
(Boy)  
Let your sweet eyes invite me  
The colour just strikes me

I said boy, oy oy  
I said boy  
I said boy, oy  
(Boy)  
Let your sweet eyes invite me

The colour just strikes me
