Hella faded it's a function
What you on tonight
Call your bitches on a mission
It's a big vibe
Lots of bipping pay attention
Don't get left behind

I'm in amazement
I'm in amazement
She's so insane with it
She's so insane
I'm in the mood
I'm in the mood
Top go insane in it
To go insane
Better get your girl
Come get this bitch
We ain't the same with it
I might go Stuey
Make a movie
Run away with it

Light that ass on fire tonight
Keep them legs up in the sky
She told me hit me when I need her
Whenever it's time to re-up
I see you when I see you
It's all on your bitch now

Naw I don't really usually do this
But I'm infatuated
So we can gone and shake for real
Shit I'm tired of playing
Hips face and waist she on the roll
Baby skating
I'm a player and I'm patient
But I'm grown for real so why we waiting
If you know me you know bitches
I'm a break them
Post her ass for feta send her
Walking to the razor
Wouldn't do that to you baby
You a diamond in the pavement
And I'm wishing on a star
She alluring that's a bar
And I ain't trying to gas you
But I'm trying to get nasty
How you like her legs to the ceiling
Laced panties
Slipped off the jimmy we done damn near
Made a family
Sipping on the remy got me
Gripping on her fanny
How you like them
Ratchet
How you like them
Classy

Never seen one like you
Thank your mommy and your daddy
Let me get that out you
God I'm gone tag it
When you coming sound off shit
And call a nigga daddy

I'm in amazement
I'm in amazement
She's so insane with it
She's so insane
I'm in the mood
I'm in the mood
Top go insane in it
To go insane
Better get your girl
Come get this bitch
We ain't the same with it
I might go Stuey
Make a movie
Run away with it

Light that ass on fire tonight
Keep them legs up in the sky
She told me hit me when I need her
Whenever it's time to re-up
I see you when I see you
It's all on your bitch now
