

Call You Mine

Adrian Marcel

My darling
You're the next best thing to air
On this earth, baby (baby)
I see you
And somehow you turn my world
From dirt to daisies (ooh)

I say whatever you want
Yeah the love we have is written in the sky (yeah, yeah)
Girl it's whatever you need
Tell me all the things you long for and desire, please
'Cause girl
(Ooh baby)
You know it's never nothing

You're so cute
You're so fine
I just love to call you mine
Taste so sweet
You feel so right
I just love to call you mine
You look so good
You look so bad
Damn I love to call you mine
Your love so sweet
Your love so right
That's why I can call you mine
(Mine, mine)

(Oh babe)
(Girl you're so amazing, girl you're so amazing)

Amazing
If I had the world in my hands, it'd be yours
(All yours, yeah)
Captivating
Everyday I find new ways to love you more
(You deserve it, girl you know you're worth it)

It's whatever you want, baby
All the pieces of my heart I give to you
(Yes I do)
Girl it's whatever you need, yeah
You make this ugly world look so brand new (ooh)
And girl
For know it's never nothing

You're so cute
You're so fine
I just love to call you mine (It's a beautiful thing)
Taste so sweet
You feel so right (You baby)
I just love to call you mine (Aw yeah)
You look so good
You look so bad
Damn I love to call you mine (oh babe)
Your love so sweet

Your love so right (My angel)
That's why I can call you mine (call you mine)
