

# Can't Go For That

Adrian Marcel

Such a shame you actin like you don't see me at all  
Another summer spring and fall  
I never planned this shit at all  
Girl I changed for you  
All the [?]  
That you would give me all your heart and your soul and your mind  
You never came through

I've really been trying girl  
I'm trying girl  
I'm a nigga tryna warm you up fight it girl  
I'm Stevie wonder on the bullshit I'm blinded girl  
But not this time

I think I'm done  
Can't do this forever  
I must be done  
If I stay it's whatever  
I can take a lot of things baby  
But I can't go for that  
We did a lot of things baby  
But I can't go for that  
It's a lot of things baby

Maybe I should be them niggas like them in your past  
You must not want this shit to last  
Tell me girl I need to know  
I can't read your mind

They say it takes a fool to love  
But I ain't ever love no one  
Baby I admit it when I'm in it  
I'm all in it

I've really been trying girl trying girl  
I'm a nigga try to warm me up fight it girl  
Stevie wonder on the bullshit I'm blinded girl  
But not this time

I think I'm done  
Can't do this forever  
I must be done  
But stay it's whatever  
I can take a lot of things baby  
But I can't go for that  
We did a lot of things baby  
But I can't go for that  
It's a lot of things baby

Can't do this forever  
I must be done  
If I stay it's whatever  
I can take a lot of things baby  
But I can't go for that  
We did a lot of things baby  
But I can't go for that  
It's a lot of things baby
