

IMAGINATION

Adrian Marcel

Layin' here, she reads my mind
Touchin' me in places, lookin' in my eyes
She starts to kiss me, her lips are so soft
Seems like she's ready, and bout to take off
I can feel her all inside, ain't gonna rush I'ma take my time
Yeah yeah, and when I come close, my alarm blows
Realized I was all alone

It was just a dream, shit ain't what it seems
And it ain't no us, just me
I keep tellin' myself, that she with somebody else
But every night she's in my dreams

And I can't do nothin' bout it, no
I tried, I tried, I tried, I tried, I tried it
She's sexy, the way she's throw it on me, yeah
Oh, she's screamin' and moanin', the sheets are all off
She got me so low, lickin' my neck (lickin' my neck, oh)
She smell so good, yeah!
And I wish that I could have her all the time
And when I come close, my alarm blows
Realized I was all alone

It was just a dream, shit ain't what it seems (what it seems)
And it ain't no us just me (ain't nobody, but my mind is playin'
' tricks on me baby)
I keep tellin' myself (something like voodoo), that she with so
mebody else (I'm like what the fuck did you do)
But every night she's in my dreams

Ooh baby, it was just my imagination

Got me fucked up...
