IMMABEHOME

Adrian Marcel

Sexy heels, leopard thong
Lingerie girl, put that on
Curl your hair the way I like
Ooh take a picture for me, girl

You gon' be my screen saver
Damn I'm visualizin' the way
I'm gon' make you scream later
I can't wait, oh babe

Close the blinds, turn the lights off
Keep the sign No Disturbing
We gon' have the cameras on
It's gon' be sex tension

I know you're anticipatin'
And I got ya baby

Don't worry girl, Imma be home real soon
When I get back, Imma give it all to you
Don't worry girl, Imma be home real soon
When I get back, Imma give it all to you

All to you, give it all to you
Listen

You gon arch that back, bite your lips
Say my name, I'm goin' in
Get real loud, don't act out
Imma let you do just what you want

Smack ya for your misbehavior
Imma straight body ya babe
Make you call me terminator
I'll be back, you can bet, that aye

They gone think we in a cage match
Imma lean you up against the wall
Tear that shit up out the frame
Imma make the waterfall

And I know you're anticipatin'
I got ya baby
Ooh oh

Don't worry girl, Imma be home real soon
When I get back, Imma give it all to you
Don't worry girl, Imma be home real soon
When I get back, Imma give it all to you

Don't worry girl, Imma be home real soon
