

It's Over

Adrian Marcel

Uh

She tell me, boy I miss you
I even called and I texted you
I tell her, girl you're too late
'Cause I'm chilling with my next boo
She know that I'm impatient
Baby kept me waiting
She say she needed closure
Here it is

Well it's over
It's all over
I'm gonna cut off my phone
And change my number
After all that you put me through
Girl, you know that it's over (I gotta keep it moving)
It's over (Aw yeah)
It's over (with you)

You must think I'm on some sucker shit
I cross you out for the fuck of it
You got me feelin' like "fuck a bitch"
Ma-Made me mess around and get another chick
Now you with it, I don't want you back
You's trip, girl
I'm built for that
She say she needed closure
Well here it is

Well it's over
It's all over
I'm gonna cut off my phone
And change my number
After all that you put me through
Girl, you know that it's over
It's over
It's over

I'm not gonna play these games with you
(We should let it go, baby hey)
Girl, I only wish the best for you
(Just let it be through)

Well it's over
It's all over
I'm gonna cut off my phone
And change my number
After all that you put me through
Girl, you know that it's over (I gotta keep it moving)
It's over (Aw yeah)
It's over (with you)
