

IZ U Rockin

Adrian Marcel

Stay down, stay real
I get afraid if I get too honest, too trill
Can I say to you
Can I say to you
These days I don't have time
So much on my mind
I know you cannot press rewind
On all the things that I done witnessed
Not so good intention
I won't get too specific
But I'll open up to you

She like to tell me what she want
And I tell her what I got
She said tell me what you want
And I tell her that I got it
Iz u rockin with me, yeah
Baby iz u rockin, I said iz u rockin with me, yeah yeah
Baby iz u

Hold up, nigga, just hold up
They don't come around [?], it's true
People only go as far as you let 'em
Had to hold my weight down
Had to get myself together [?]
I don't know, I don't carry all the answers
Even though I pretend to
I know some things that offend you
I ain't got a lot to give
But you know that everything I got
I'd give it up, I'ma give it up

She like to tell me what she want
And I tell her what I got
She said tell me what you want
And I tell her that I got it
Iz u rockin with me, yeah
Baby iz u rockin, I said iz u rockin with me, yeah yeah
Baby iz u

Been around the world and back again
I'm just looking for a real solid friend, oh
I still roll [?]
Just wanna find my way
Take me around the world and back again
I'm just looking for a real solid friend, oh
I still roll [?]
Just wanna find my way

She like to tell me what she want
And I tell her what I got
She said tell me what you want
And I tell her that I got it
Iz u rockin with me, yeah
Baby iz u rockin, I said iz u rockin with me, yeah yeah
Baby iz u
