

# NoWhere

Adrian Marcel

Visions of you paint a perfect picture  
I been dreaming of you right here with me  
Ask whatever I've got all the answers  
I know you got options, but when you gone let me take ya there

No woman can compare to you, girl I  
Gotta take you home with me your mine  
I just wanna play all night  
Making love till the sunrise

Girl if you don't mind  
Let me be the one to change your life  
Give me your hand well go wherever you like  
Just keep it right here baby  
You ain't gotta go nowhere  
Nowhere

I can't lie I want you bad I'm feening  
Wanna lay you on my bed aint no more creeping  
When I look into your eyes, its my reason  
Say fuck them other options  
Girl I got just what you need

No woman can compare to you, girl I  
Gotta take you home with me your mine  
I just wanna play all night  
Making love till the sunrise

Girl if you don't mind  
Let me be the one to change your life  
Give me your hand well go wherever you like  
Just keep it right here baby  
You ain't gotta go nowhere  
Nowhere

Nowhere naw no naw  
Play all night  
Be the one to change your life  
If you take my hand  
Just keep it right here baby  
You aint gotta go nowhere

Girl if you don't mind  
Let me be the one to change your life  
Give me your hand well go wherever you like  
Just keep it right here baby  
You ain't gotta go nowhere  
Nowhere

Girl if you don't mind  
Let me be the one to change your life  
Give me your hand we'll go wherever you like  
Just keep it right here baby  
You ain't gotta go nowhere  
Nowhere
