

## On It

Adrian Marcel

You ain't gotta say much  
I can tell it on your face  
See it in your eyes  
What you used to have in your way  
Girl, you got me fucked up  
If you think I'm gonna fall  
I ain't gonna trip  
'Cause I done seem them all  
So let me get this one thing clear  
So you know just what you want  
And you know that all you want is me  
So baby let's just go from here  
Gotta know if you're worth it  
I wanna see you work it  
To know that you deserve it

I hope you are  
Because I do  
Know what could happen with you and me  
But I gotta know that you on it  
Wanna see if you on it  
'Cause girl, I want you all on it  
Telling me that you want it  
Girl, you better be on it

Saying ain't enough  
Just tell me how you feel  
Wanna see your watches, baby  
Gotta see if you real  
If it ain't too much, I wanna look inside your heart  
See what's in your mind  
Before we even start  
I'm nothing like your friends  
Gonna push your card down  
You will never have to front with me  
And I hope you pass this test  
Gotta know if you're worth it  
I gotta see you work it  
To know that you deserve it

I hope you are  
Because I do  
Know what could happen with you and me  
But I gotta know that you on it  
Wanna see if you on it  
'Cause girl, I want you all on it  
Telling me that you want it  
Girl, you better be on it

But I gotta know that you on it  
Wanna see if you on it  
'Cause girl, I want you all on it  
Telling me that you want it  
Girl, you better be on it

I hope you are  
Because I do

Know what could happen with you and me
