

# The Way

Adrian Marcel

Girl I'm 'bout to put it on you  
I beat it up like a real nigga gon' do  
All day I've been waiting  
For you to throw it back, girl I've been patient

I just [?] on you  
Solid, look at that ass on you  
The way that we've been vibin', I like it  
And you hella pretty, so enticing

It's so easy you know  
I got your back, you got my back  
That's how we roll  
Baby there's so much in store  
If I give you all of me  
Please show me that you're ready

I like the way you do  
The little things you do  
Look at that bad girl  
Ooh you a bad girl  
Ooh you a bad girl  
Ooh, ooh  
I like the way you do  
The little things you do  
[?] bad girl  
[?] bad girl  
Do your thang  
You do your thang

You're all in the club but you paying the bills  
You don't need no nigga, you buy your own heels, yeah yeah  
Make a nigga go crazy in it  
I think I might put a baby in it

I'ma hit it right, I will  
I'ma hit it right, I will  
I'ma make you feel [?] made you feel  
You [?] go get it  
Well [?] go get it  
I think I might just fall into a real relationship

It's so easy you know  
I got your back, you got my back  
That's how we roll  
Baby there's so much in store  
If I give you all of me  
Please show me that you're ready

I like the way you do  
The little things you do  
Look at that bad girl  
Ooh you a bad girl  
Ooh you a bad girl  
Ah-ah  
I like the way you do  
The little things you do
