

Fool

Adrianne Lenker

I feel like a fool
Yeah, walking downhill with the dogs
You keep it cool
Watching my fire ignite
Heart out of sight
Body and mind fistfight
Heart out of sight
Body like a bat in flight

Oh, they say when it's right, it's right

We could be friends
You could love me through and through
If I were him
Would you be my family too?
Daddy's advice
Hell in paradise
Momma's advice
Cookin' up beans and rice

Oh, just say what it is that you want

Tommy had twins
Kenna and Lu-y tied the knot
Zoe and B
Built their house on the spot
We could watch a show
We could watch a garden grow
We could grow old
You could come in from the cold

Oh, just say what it is that you want

Jamie's in L.A.
Ali found a five acre farm
Max is gonna play
Jon got a clown on his arm
Lucky's gonna flip
Jer's gonna go for a dip
Birds gotta fly
I'll love you till I die

Oh, what more can I possibly say?

So if you wanna go, I say, "Baby, okay, okay"
