

# No Machine

Adrianne Lenker

Let no machine  
Eat away our dream  
Baby, take my hand, let's go together  
No surprise  
The wound lives in your eyes  
A needle shining like a diamond in the desert

I don't know what I'd do  
Don't know what I'd do without you  
Don't know where I'd go  
Don't know where I'd go without you

Talk to me  
Tell me everything you see  
The sun that's shining lighter than a feather  
And every day  
The moon just sails away  
The moon and sun are the keepers of the weather

Don't know what I'd do  
Don't know what I'd do without you  
Don't know where I'd go  
Don't know where I'd go without you

Dragonfly  
The clouds are rolling by  
The wind across my back, I feel the shiver  
Drive around  
Live from town to town  
To the ocean of your love, I am a river

Don't know what I'd do  
Don't know what I'd do without you  
Don't know where I'd go  
Don't know where I'd go without you
