What You're Wishing For
(Adrienne Pierce, Sean Ashby)

I was watching my step
Don't know how I fell
Somehow I let it slip
And slid into your wishing well
Just as soon as I had fallen you became riddled with doubt
Well it is a little late baby, you already blew the candles out
Heard it said a thousand times or more
Really should be careful what you're wishing for
I've Heard it said a thousand times or more
You Really should be careful what you're wishing for
You were standing in the middle of the road
To miss you I had to swerve
And I was carrying a heavy load
I guess I got what I deserve
Just as soon as I had fallen you became riddled with doubt
Well it is a little late baby, you already blew the candles out
Heard it said a thousand times or more
Really should be careful what you're wishing for
I've Heard it said a thousand times or more
