

Same

adult mom

I walk back to the place where I lost it
And these places remain all the same
You tell me anger is not good for the body
And you say I changed
But who's to blame?
Oh, I will
Hate you until I am still
Oh, I will
Embrace the ways I still stay the same
And you took a hard squeeze
At the soft spots of my body
And these spots will remain
Touched in vain
And oh, I will
Apologize until I am ill
And oh, I will
Take the blame
And you will stay the same
