

Lookin' at you, feelin' outta focus
What's this game we're playin'?
Tell me do you notice, or are you hoping?
What's the point in waiting?
There's no shame in takin' what we need, yeah
'Cause I already know for sure
That I'm falling for you right now

And I already know for sure
That I'm falling for you right now
And I already know for sure
That I'm falling for you right now

Is it crazy, I'm thinkin' maybe
Where you were meant to be is here
There's a reason we're still in season
Can't you see it so clear?
There's no shame in taking what we need, yeah
'Cause I already know for sure
That I'm falling for you right now

And I already know for sure
That I'm falling for you right now
And I already know for sure
That I'm falling for you right now

I don't know if we're meant to go down this road again
What if we are making the same mistakes a thousand times?
(Oh, baby)
But I already know for sure
That I'm falling for you right now
'Cause I already know for sure
That I'm falling for you right now

(Already know for sure)
Falling for you right now
(Falling for you right now)
That I'm falling for you right now
(Already know for sure)
Falling for you right now
(Falling for you right now)
That I'm falling for you right
