

# Never Surrender

Adventure Club

If only we could talk about it  
But you're touching me instead  
I'm stupid but I'm never gunna quit  
When I'm in your arms who is in your head?

Breathe in  
'Cause we're going under  
We've been  
Fighting like thunder  
I'll never surrender  
I'll never surrender

Standing on this ship til it sinks  
Stronger than anybody thinks  
Never thought we'd drown but we going down, fight til it's out  
I'll never surrender

Standing on this ship til it sinks  
Stronger than anybody thinks  
Never thought we'd drown but we going down, fight til it's out  
I'll never surrender

I'll never surrender  
I'll never surrender

Never thought we'd drown but we going down, fight til it's out  
I'll never surrender

Never thought we'd drown but we going down, fight til it's out  
I'll never surrender

If only u could see what I see  
When you're locked in on someone else  
I'm stupid but you're fucking naive  
Traded home for an empty shell

Breathe in  
Cus we're going under  
We've been  
Fighting like thunder  
I'll never surrender  
I'll never surrender

Standing on this ship til it sinks  
Stronger than anybody thinks  
Never thought we'd drown but we going down, fight til it's out  
I'll never surrender

Standing on this ship til it sinks  
Stronger than anybody thinks  
Never thought we'd drown but we going down, fight til it's out  
I'll never surrender  
I'll never surrender

Never thought we'd drown but we going down, fight til it's out  
I'll never surrender

Never thought we'd drown but we going down, fight til it's out  
I'll never surrender
