

Miracle

Ady Suleiman

It's a miracle to be alive

It's a miracle to be alive
But I never thought that I
Would end up living so lonely
After all is said and done
It's a beautiful life
I always had this feeling
Like I am not the only one
But I'm all on my own tonight

Stepping out in the sunshine
With a heart full of rain
Everyones on a good time
I wish that I never came
And I been keeping my door locked
Yeah I was happy to hide
Uh
But it's only for tonight right?

Now you're asking for my number and you type in my name
It feels be good to be out of the game again, same again
La la la la la la
Do do do do di do do
Wooooooooo

It's a miracle to be alive
But I never thought that I
Would end up being so lonely
After all that's said and done
It's a beautiful life
I always had this feeling
Like I am not the only one
But I'm all on my own tonight

Wait Ady I wanna give you my love
Going to give you a choice
But it's going to be tough
It's going to feels weird at first
But you'll be alright
Just remember
That it's only for one night, right?

Now you're asking for my number and you type in my name
It feels be good to be back in the game again, same again
12 hours later since we made the pack
Now I don't know how to react

No rush to decide we got time on our side
We don't need no reason why
To believe

It's a miracle to be alive
But I never thought that I would end up being so lonely
After all that's said and done
Its' a beautiful life
I always had this feeling

Like I was just the only one
But I'm not on my own tonight

Obviously you and me, are gunna be on our own some of the time
Let's make a deal
Ride it out lets stay in touch
Remember that happiness don't come for free
It's not a rush

It's a miracle to be alive
But I never thought that I would end up feeling so lonely
After all the fun we had it's a beautiful life
I always had this feeling
Like I am not the only one
I'm waiting for miracles to come
I'm loving you like a loaded gun
So you're not on your own tonight
